## SUMMARY

Seeking to become a web developer, I am currently a self taught programmer trying to build up my skills in this field. I recently began to be fascinated by web programming and visual analytics, after being part of the data science world. Strong creative and analytical mind, I am interested in IT and its application in human activities.

---

## SKILLS

**Data Analysis:** Jupyter Notebook + Pandas, Excel and D3.js  
**Web technologies:** Html5, Css3 and Java Script ES6  
**Web frameworks and libraries:** Bootstrap 4, JQuery and ReactJS (basic)  
**Back-end technologies:** Python/Django + Django REST framework (basic).  
**Version control system:** Git and GitHub

---
